Comments Report

2.9) What were the most effective aspects of this course in promoting student learning?

Class "workshops" if you will - our discussions and learning from each other's presentations. The environment, in this way, suddenly became less intimidating and therefore more effective in actually helping us learn how to be better public communicators. No longer was it just ~~us~~, me; ^{who didn't know how to do this,} it was everyone who didn't "know".

It is a hands on course that really forced us to use and internalize the material.

Kevin was able to make public speaking less intimidating.

I think this course has been extremely beneficial. The three major assignments are very applicable to what we will be facing in the real world. Kevin provides a healthy and constructive environment for his students to grow. I would

YAY KEV

- I ~~like~~ liked all of the powerpoint projects
- going over videos of speeches was good

- professor really passionate about subject

- nice projects to improve public speaking & comfortability in front of audience

I think that he was a very effective teacher and he helped me to grow as a speaker with all the techniques he taught.

I think how Kevin applied personal stories to lessons made me realize the importance of this class.

it was great that we were able to learn from each other.

The post-speech feedback

Student feedback was a great way to learn from my peers. It's also an effective way to have documentation of each person's progress

Public speaking

AREPA INFO ON HOW TO BEAT FEARS OF PUBLIC SPEAKING

- Kevin did a great job and grades fair
- Gave back great feedback
- Quiz's were fair

PUBLIC SPEAKING

2.10) (2.9 continued)

Recommend this course to other students.

LOTS OF GOOD EXERCISES

2.11) Are there any specific ways the instructor could improve this course to enhance student learning?

thanks for making the best class I've ever taken! So valuable!

Thank you!

Kevin, although a great instructor tends to use a lot of buzzwords that sound a little funny,

his office hours are ~~not~~ a joke i spent over 25 min waiting for a 15 min spot

The quizzes / tests were pointless

Return feedback a bit quicker.

By learning to celebrate the way
the students owned their space.

SMALLER CLASS SIZE!

- NO MORE BREATHING
EXERCISES!
- Class can sometimes get boring

Maybe implement more in-class exercises, not just relaxation,
but public speaking exercises.

HAVE US GO UP IN FRONT EVERY DAY AND
SAY SOMETHING. EVEN IF IT IS SOMETHING
AS SIMPLE AS TELLING YOUR DAY.
